Form 471 Request for Waiver

Tishomingo Public Schools respectfully requests that the FY 2008 form 471 application #702383 be considered for a deadline waiver for this application to be considered "in-window" as this application has been determined to be postmarked outside of the application window on July 8th 2009 by the Schools and Libraries Division.

The filing deadline for form 471 application #702383 was missed due to extenuating circumstances.

Discussion of Extenuating Circumstances

On 10/31/2006 Tishomingo Public Schools posted form 470 #121640000591067 that resulted in an award for a fiber based Wide Area Network (Custom Switched Metropolitan Ethernet) contracted in a Master Agreement Addendum signed with AT&T. The date of the contract signing was February 8, 2006. The district filed 471 #544699 that included the funding request #1504568 for FY 2007 e-rate reimbursement for the contracted fiber based wide area network.

Fax: (580) 371-3765

This contract featured voluntary extension the contract was renewed in accordance with the originating 470; this was the first time that I had dealt with a service that did not require responses to a 470 competitive bid when filing for e-rate reimbursement for FY 2008. As such I was unfamiliar with requesting funds that did not have a 470 filed in the same funding year as the 471. The failure to file for E-rate reimbursement on the Fiber based Wide Area Network (or CSME) was purely a inadvertent process misunderstanding that resulted in a filing failure that was not identified until the 471 filing window had passed.

The CSME services are necessary to the school district to provide the quality Internet services necessary to support a district the size of Tishomingo. Consequently, the district continued the service during school year 2008-09 after finding out that it was not funded for the CSME for that year.

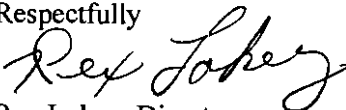

Tishomingo is a district that during school year 2008-09 had a free and reduced lunch rate of 63.6 percent. The undiscounted cost of the CSME service for the district is \$6100.00 per month split between three school sites. The combined total for the school year is \$73,800.00. Government assistance to support this kind of expense is paramount to the public schools. It will place an extreme hardship on the Tishomingo Public School District if we have to pay the full unfunded amount.

I am the individual that filed the 471 for the district. The application # of the original 471 that was filed for school year 2008-09 is #594406. Being unfamiliar with the terminology that is used in reference to all of the technical aspects of applying for technology services I failed to notice that we had not received a quote from the provider for that school year. Due to the fact that I did not see the quote, I did not know it was missing. I had taken the quotes for the other services and laid them with the contracts so that I would not miss anything. The CSME services were contracted in a sixty month agreement the year before. I did not have a new contract and did not have a quote. The sixty month contract was in the addendum to the Master Agreement signed by the school on February 8, 2006.

As a small rural school; Tishomingo can not afford to provide a dedicated staff to pursuing federal grants or e-rate funding. My background is in teaching and school administration. In my position the application process to the SLC for e-rate reimbursement can be complicated and confusing. The program is highly beneficial; however the losses that are a result of human error can be great.

We respectfully request that you consider these factors in making a decision concerning our request for waiver.

Respectfully

Rex Lokey, Director
